AntriaBio Appoints C. Ronald Kahn, M.D. to Its Scientific Advisory Board

MENLO PARK, CA -- (Marketwired) -- 06/23/14 -- [AntriaBio, Inc.](#) (OTCQB: ANTB), a biopharmaceutical corporation focused on developing novel therapeutics to treat patients with diabetes and metabolic diseases, announced the appointment of C. Ronald Kahn, M.D. to its [Scientific Advisory Board](#) (SAB).

"We have been deliberate in building the highest quality SAB in the area of diabetes and are thrilled that Dr. Kahn, an expert in diabetes and metabolic diseases, has joined our team," stated Hoyoung Huh, Chairman of the SAB.

Dr. Kahn is Chief Academic Officer and Head of the Section on Integrative Physiology and Metabolism of [Joslin Diabetes Center](#), the world's largest diabetes clinical care and research organization, and an affiliate of Harvard Medical School, where he is the Mary K. Iacocca Professor of Medicine. Dr. Kahn served as Director of Research at Joslin Diabetes Center from 1981 to 2000, and as President and CEO from 2001 to 2007. Dr. Kahn has received over 60 awards and honors, including the highest honors of the American Diabetes Association, U.S. and British Endocrine Societies, Juvenile Diabetes Research Foundation, European Association for the Study of Diabetes and the American Association of Clinical Endocrinologists, as well as election to the National Academy of Science and Institute of Medicine. He has authored more than 550 original publications and 190 reviews and chapters.

"I am delighted to join AntriaBio's Scientific Advisory Board," commented Dr. Kahn. "I believe that a once-weekly injectable option for basal insulin such as AntriaBio's AB101 has the potential to transform the current treatment paradigm. I look forward to working closely with the team on the advancement of AB101 into clinical development."

Brian Roberts, AntriaBio's Head of Clinical Development, noted, "The depth and breadth of Dr. Kahn's experience spanning more than 30 years, and his vast contributions to research and the care of patients in the field of diabetes, will be invaluable as we continue to advance [AB101](#) into clinical studies."

Dr. Kahn joins AntriaBio's recently established SAB comprised of some of the world's leading experts in diabetes and metabolic disease: Fredric B. Kraemer, M.D., Chief of the Division of Endocrinology, Gerontology and Metabolism at Stanford University; Philip Home, M.A., D. Phil., D.M., F.R.C.P., Professor of Diabetes Medicine at Newcastle University; Jerrold Olefsky, M.D., Professor of Medicine in the Division of Endocrinology & Metabolism at the University of California, San Diego; Andrew R. Hoffman, M.D., Professor of Medicine in the Division of Endocrinology, Gerontology and Metabolism at Stanford University and Chief of Endocrinology at the VA Palo Alto Health Care System; and Hoyoung Huh, M.D., Ph.D., Chairman of the SAB.
